

# **Guidelines on the selection of Games Results Development & Maintenance Company**

## **1. Purpose**

- To make the games results of the WTF-promoted events and the subsequent athlete info into database, thus making an online archive of major international taekwondo competitions (athlete info based on the WTF Ranking is limited that took effect in June 2009)
- To attract more attention to WTF-promoted competitions from the media and sports fans by easily and rapidly providing history of major taekwondo competitions and athletes, including comparison between editions of a competition, to media and Organizing Committees of the Olympic Games and WTF-promoted events
- Thus, to create expanded media exposure and higher marketing possibilities
- And upgrade the status of the WTF as an IF in the international sport society

## **2. Development of the program**

- Program to manage competition from on-line registration, drawing lots to games result, at WTF-promoted events such as World Taekwondo Championships, World Junior Taekwondo Championships, World Cup Team Taekwondo Championships, World Para-taekwondo Championships World Taekwondo Tour and World Taekwondo Poomsae Championships
- Program does not include scoring system but should be compatible with WTF-recognized scoring systems
- Contents to be recorded:
  - i) games results of the above competitions and bio data of athletes participating in WTF-promoted events: automatically recorded
  - ii) games results of the other WTF official events than the WTF-promoted events: to be manually input in case the OC does not use this program

*→ With the games results of all WTF official events to be recorded in this program, this program will also serve as the WTF Ranking Management System.*

- Retrieval and printout of the whole or partial info and/or comparative data as well as data from specific keyword should be possible

## **3. Timeline of program development**

- i) Open bid to existing companies whose scoring systems are recognized by the WTF (or also to any other companies than these companies):  
January 2010
- ii) Presentation by the bidding companies: April 2010
- iii) Screening and selection of a contractor: May 2010

- iv) Development of the program: July – October 2010
- v) Pilot operation: November – December 2010

#### **4. Benefits to (Status of) the developing company**

Entitlement of the contractor as a WTF Sponsor or WTF Technical Partner or other relevant title (detailed benefits and the title will be discussed with the company later.)

- No price for the development of the program
- Compulsory use of the system at all WTF-promoted events
- Provision of all travel expenses, including airfare, accommodation, per diem, etc., to the experts of the developing company by the WTF or, if possible, Organizing Committee of the WTF-promoted events (minimum no. of experts for different competitions will be decided later)
